- **Select 'Gateway' and then click on 'Add Gateway.'**

The image displays two sequential screenshots of the 'Add desktop' form in the TheraManager DocuTrac application. The top screenshot shows the form with the 'Gateway' dropdown menu highlighted by a green border. The dropdown is currently set to 'No gateway'. The bottom screenshot shows the same form with the 'Gateway' dropdown menu open, displaying two options: 'No gateway' (with a radio button) and 'Add gateway' (with a radio button). The 'Add gateway' option is highlighted with a blue border.

- **Using the 'Cloud Account Credentials.'** Enter your **RD Gateway Server Name.** **Click Done.**
